

INDUSTRIAL TRAIN GREETED IN SANPETE

Farmers Are Especially Interested in Judging of Live-stock.

The Denver & Rio Grande industrial train spent yesterday at Moen, where it was well received by enthusiastic citizens. The increased interest in the exhibit part of the work shows that the farmers are not losing sight of the practical side and appreciate things that they can see.

Stock judging is receiving a great deal of attention along the route and the farmers are going to an unusual amount of trouble in order to have their stock in good condition and ready to be passed upon by the experts.

Wednesday was spent in Ephraim, where large crowds turned out to meet the train and remain with the experts all day and evening. The following telegram from H. M. Cushing, traveling passenger agent for the Denver & Rio Grande, who is in charge of the train, gives an idea of the reception at Ephraim:

The reception given the industrial train at Ephraim is by far the largest we have received. A brass band in full uniform playing national airs, with the entire public school, and at least three-fourths of the citizens, met the train. The lecturers were immediately taken in hand by the local committee and escorted to the Snow academy, where separate meetings were held for the women and men. Both sessions had a large attendance.

From the time the train arrived until dark the exhibit cars were thronged with interested farmers. A horse-judging demonstration was conducted, at which some of the best horses in Sanpete county were paraded and judged. Between the afternoon and evening sessions a delightful banquet was served the visiting lecturers by the domestic science department of the Snow academy.

The evening session was marked with great enthusiasm and the capacity of assembly hall in the academy was taxed to accommodate the crowds. In connection with the regular lectures by the institute party, a delightful musical program was rendered. Numerous messages from points at the north and of Sanpete county assure us that the towns along the line are thoroughly aroused and working overtime to get every advantage which the exhibit train can bring.

NEW FREIGHT CHIEF FOR "SOO."

Well-Known Young Railroad Man Is Given Advanced Position.

C. V. Gallagher, who has been connected with the Minneapolis, St. Paul & Sault Ste. Marie Railway company for the past eight years, today becomes general agent of the freight department of that company with headquarters at Chicago. The appointment was made by T. R. Sands, general freight agent, and approved by E. J. McLaughlin, president and traffic manager of the road.

WILL OF S. J. LYNN FILED FOR PROBATE

A petition for the probate of the will of Sylvester J. Lynn, who died at Los Angeles February 9 and the appointment of executors was filed in the Third district court yesterday by Jane Lynn, the widow. The petition gives the value of the estate in excess of \$100,000, which was made November 30, 1906, names Mrs. Lynn as sole executrix without bonds, but she asks the court that she may be relieved of this responsibility and that Arthur D. Lynn, Edgar S. Hines and Anna W. Cowan be appointed executors.

In addition to Mrs. Lynn, the beneficiaries of the estate are Ethel Hills, Salt Lake, a daughter; Arthur D. Lynn, Salt Lake, a son; Jennie E. Cowan, Ocean Park, Cal., a daughter, and Winifred L. Lynn, Salt Lake, a daughter.

HELPFUL HINTS ON HAIR HEALTH.

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hat band is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that if it does not produce the results we claim, this remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that we think that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in Salt Lake City only at our stores—The Rexall Stores, Druehl & Franken, 251 So. Main; Smith Drug Co., 215 So. Main.

UNRIVALED for preserving, purifying and beautifying the complexion, hands and hair of infants, children and adults. Sold by druggists and dealers everywhere. Liberal sample with 25¢ skin box, mailed free. Address: "Cuticura," Dept. 35, Boston.

"Madame X" Is Victim of Etheromania

ADELINE DUNLAP.

A girl who plays the title role in "Madame X," visited European clinics to study the victims of the ether-drinking habit before she undertook the part of the heroine in Alexandre Bisson's famous French drama. Madame X becomes an ether fiend after the first act.

There is a distinct name for the ether habit. It is called etheromania, and the deadliest effects of the curse are observed in the congested sections of the larger European cities. It has now attained a foothold in America, though physicians in the large cities of the country are said to be constantly in touch with instances of the abusive use of this most valuable scientific aid. A few drops, says Miss Dunlap, produces the same effect as many times the same weight in alcohol.

"I have seen ether drinkers in the slums of Paris," she says, "and I try to give a photographic representation of the means by which the drug is taken into the system by the more confirmed subjects. In drinking, the neck of the bottle is taken between the lips, and following each draught, the victim gives a gasping cough, the result of the fumes in the lungs. The habit is more prevalent among women than men. That is perhaps the reason why M. Bisson chose that Madame X should be a victim of etheromania."

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

Van Camp Pork and Beans now 10c, 15c, 20c.

SIRIYAN MURDER CASE IN SUPREME COURT

Arguments on appeal in the case of Julius Siriyon, who was convicted of the murder of Thomas Karriek, a schoolboy, were heard in the supreme court yesterday and the case was submitted.

ASSETS ARE GREATER THAN LIABILITIES

The assignment made in the Third district court by E. E. Yeaman, a wholesale grocer at 18 Postoffice place, in favor of his creditors, showed stock on hand worth \$117,44 and book accounts and fixtures worth \$117,22, which sums combined as assets are a little in excess of the liabilities. The case was at first erroneously reported, it being stated that the assets amounted to \$117,22 and the liabilities \$117,44.

AMUSEMENTS

SALT LAKE THEATRE—May Robson in "The Rejuvenation of Aunt Mary." Evening, 8:15.

COLONIAL THEATRE—"Madame X," beginning March 2.

ORPHEUM THEATRE—Advanced vaudeville. All week. Matinee daily at 2:15. Evening performance begins at 8:15.

GARRICK THEATRE—"The Right of Way." Curtain, 8:15.

EMPEROR THEATRE—Sullivan-Considine vaudeville. Matinee daily at 2:30. Two evening performances, at 7:30 and 9:15. Bill changes Wednesday afternoon.

May Robson will be seen for the last time during her present engagement at the Salt Lake theatre in "The Rejuvenation of Aunt Mary" this evening. Her engagement will close with repetitions of "A Night Out" tomorrow afternoon and evening.

There were three essentials which the officers of the St. Joseph hospital, Chicago, laid down for the headliner of its big new show at the Auditorium recently. It had to be vaudeville. It had to be amusing. It had to teach a lesson. After going over the field, Charley Grapevine's "The Awakening of Mr. Pipp" was selected as filling the bill. This sketch is being presented at the Orpheum this week, and the audiences are getting the moral as they laugh at Mr. Pipp's agony and sympathize with Mrs. Pipp in forgiving.

"From what little chance I have had to see anything outside the theatre, I am frank to say that I believe I have missed a good deal in not having been able to play an extended engagement in Salt Lake. I am sure this," commented Thurston Hall last night. Mr. Hall has been engaged as leading man with the Garrick players for the remainder of the season. His engagement opening next Sunday night in Eugene Walters' rugged drama, "The Wolf." Mr. Durkin will make his last appearance as the Garrick's leading man Saturday night as Charley Steele in "The Right of Way."

"All Rivers Meet at Sea," Edward Davis' dramatic playlet, which is one of this week's headliners at the Emperor, represents the last word in rich and elaborate staging. A mother's love is the dominant sentiment of the sketch, and the lines and situations stand in bold and striking relief against the sentimental background. The sketch is the most impressive, and at the same time the most artistic in acting and mounting, that Manager McCoslin has offered his patrons since the house was opened.

"Madame X," which Henry W. Savage will send to the Colonial next Thursday night, is referred to in theatrical circles as "a dramatic Merry Widow," because of the number of times it turns that have rewarded its producer. Seats went on sale at the Colonial box office yesterday morning for the entire engagement of "Madame X," which is for three nights and a special Tuesday matinee.

Those who are familiar with "Madame Sherry" say that the "mirth-making" qualities of the play are no less engaging than its more, and every person with sound ears throughout the country has heard, and probably sung or whistled, the sensational motif song, "Every Little Motion is a Motion." The sketch is a most welcome and a most opportune to hear this and the other musical numbers of "Madame Sherry," which it comes to the Salt Lake theatre next Monday, for an engagement of three nights and a Wednesday matinee. Seats on sale this morning.

The Aborn Opera company will soon present at the Colonial an elaborate revival of the famous opera, "The Bohemian Girl."

Backache Almost Unbearable is an almost certain result of kidney trouble. D. Toomey, 803 E. Olive St., Bloomington, Ill., says: "I suffered with backache and pains in my kidneys which were almost unbearable. I gave Foley Kidney Pills a good trial, and they done wonders for me. Today I can do a hard day's work and not feel the effects." Schramm-Johnson, Drugs, the Never-Substitutors, five good stores.

Convict Coming Back.

Registration papers were prepared yesterday for the return to this state of William Jones, the convict who escaped from the road gang in Box Elder county last November. Jones is under arrest at Portland, Or. H. C. Taggart, guard at the state prison, will leave today to bring Jones back.

INFORMATION AGAINST CONVICT IS QUASHED

In the case of the state against Toy Smith, Judge F. C. Leofebow in the criminal division of the Third district court yesterday quashed a motion to quash the information and remanded Smith to the custody of the warden of the state prison.

Smith, who is serving a sentence in the state prison, was accused of having assaulted Gus Dorcas, a fellow prisoner, with a deadly weapon.

Judge Leofebow held that the original complaint was defective in that it was not properly verified.

Arrest Another Suspect.

The police arrested another suspect yesterday in connection with the assault on the seven-year-old daughter of William Barnes, which was committed last Monday. The second suspect, given the name of Thomas Patton. According to the police, he was arrested on a charge embracing a similar offense nine years ago and served six months in the county jail. S. S. Sampson, a half-witted man, who was arrested Wednesday, could not be identified by the police. On the other hand, the child partially identified Patton, though she was by no means sure of her identification.

Arguments on appeal in the case of Julius Siriyon, who was convicted of the murder of Thomas Karriek, a schoolboy, were heard in the supreme court yesterday and the case was submitted.

OTHER SIDE OF THE BILLBOARD QUESTION

Pastor of the Iliff Methodist Church Replies to Petitioners.

The Tribune has received the following communication from the Rev. Ransom P. Nichols relative to the Iliff church billboard controversy:

Editor: The Salt Lake Tribune. The Tribune of this morning reported that fifteen inches above the surface of the billboard, against the presence of the billboard of the Iliff Methodist church, in the corner of Ninth East and First South streets and of all billboards in residence districts of the city. It is alleged that the complaint is based upon the fact that the structure affords a hiding place for robbers; that it offends with its gaudy posters; that it bares with its obscene advertisements; and that it is a menace to the health of the community. In justice to the church and for the honor of the public a word in reply seems in place. It appears only natural to assume that the complainants are laboring under a mistake in identity of billboards. Certainly no single charge above related could find the slightest foundation in reference to the one on the property of Iliff church.

First, the board is so constructed, its lower edge being everywhere more than fifteen inches above the surface of the ground, as to make it impossible for a person to be concealed behind it, unless he wore invisible stilts or was an acrobat. Besides, the caretaker of the church is constantly on the property and has special charge in guarding the place.

Second, the structure was raised with careful consideration for permanence and beauty, being the best constructed billboard in town. It was so built with the intention of bearing only advertisements which are painted. No posters, gaudy or otherwise, have been or will be permitted to be affixed to the board.

The third allegation is too absurd for notice. The spokesman before the commission and the others interested would have considerable difficulty in reading whisky, any intoxicants or tobacco into any of the advertisements of the reputable local business houses that have availed themselves of this legitimate advertising, which can harm no one's morals and does not offend good taste.

Fourth, since the board was erected, the accumulated rubbish and refuse brought to and dumped upon the lot have been removed. Horses are no longer pastured there. The result is a decided improvement to the health conditions of the community.
